Language Fluency

What languages do you speak? Select all that apply. For each language that you select, including English, you will be asked to rate your proficiency in that language using the guidelines provided below.*

Native/Functionally Native: I converse easily and accurately in all types of situations. Native speakers, including the highly educated, may think that I am a native speaker, too.

Advanced: I speak very accurately, and I understand other speakers very accurately. Native speakers have no problem understanding me, but they probably perceive that I am not a native speaker.

Good: I speak well enough to participate in most conversations. Native speakers notice some errors in my speech or my understanding, but my errors rarely cause misunderstanding. I have some difficulty communicating necessary health care concepts.

Fair: I speak and understand well enough to have extended conversations about current events, work, family, or personal life. Native speakers notice many errors in my speech or my understanding. I have difficulty communicating about health care concepts.

Basic: I speak the language imperfectly and only to a limited degree and in limited situations. I have difficulty in or understanding extended conversations. I am unable to understand or communicate most health care concepts.

Guidance for Settings:

- **URBAN:** The central part of a city; high population density; high density of structure such as houses, buildings, railways; public transportation more readily available for commuting; most jobs are non-agricultural.
- **SUBURBAN:** Smaller urban area around a city; less populated than a city; serves mainly as residential area for city's workforce; mostly residential with single-family homes, stores, and services; more parks and open spaces than a city; limited public transportation and private vehicles needed for commuting.
- **RURAL:** Large amounts of undeveloped land; low population density; open areas of land with few homes or buildings; no public transportation; private vehicles needed for commuting; main industries likely to be agriculture or natural-resource extraction.

Impactful Experiences

Program directors are interested in learning more about other impactful experiences applicants may have encountered or overcome on their journey to residency. This section is designed to give applicants the opportunity to provide additional information about their background or life experiences that is not captured elsewhere in the application (e.g., information written in this section should not be the same as what is included in the personal statement).

Please describe any challenges or hardships that influenced your journey to residency. This could include experiences related to family background, financial background, community setting, educational experiences, and/or general life experiences.

Please consider whether this section applies to you. Programs do not expect all applicants to complete this section. This section is intended for applicants who have overcome major challenges or obstacles. Some applicants may not have experiences that are relevant to this section. Other applicants may not feel comfortable sharing personal information in their application.

The following examples can help you decide whether you should respond to the section and what kinds of experiences are appropriate to share on the MyERAS application. Please keep in mind that this is not a fully inclusive list:

- Family background (e.g., first generation to graduate college).
- Financial background (e.g., low-income family, worked to support family growing up, work-study program to pay for college).
- Community setting (e.g., food scarcity, poverty or crime rate, lack of access to medical care).
- Educational experiences (e.g., limited educational opportunities, limited access to advisors or mentors).
- Other general life circumstances (e.g., loss of a family member, serving as a caregiver while working or in school).

Certification

I certify that the information contained within the MyERAS application is complete and accurate to the best of my knowledge. I understand that any false or missing information may disqualify me from consideration for a position; may result in an investigation by the AAMC per the [attached policy](#) (PDF); may result in expulsion from ERAS; or, if employed, may constitute cause for termination from the program. I also understand and agree to the [AAMC Web Site Terms and Conditions](#) and to the [AAMC Privacy Statement](#) and the AAMC Policies Regarding the Collection, Use and Dissemination of Resident, Intern, Fellow, and Residency, Internship, and Fellowship Application Data and to the AAMC's collection and other processing of my personal data according to these privacy policies. In addition, I consent to the transfer of my personal data to **the** AAMC in the United States, to those residency programs in the United States and Canada that I select through my application, and to other third parties as stated in these Privacy Policies.*
